Welcome to CareFlex

Support where it matters, for comfort, care, and connection.

At CareFlex, we believe everyone deserves to sit comfortably, safely, and with dignity. Whether you are managing health changes, recovering from illness, or living with a long-term condition, the right chair can make a world of difference.

For over 30 years, we've designed and built care chairs right here in the UK; not just for professionals, but for people like you. Our chairs combine expert craftsmanship, clinical insight, and real-world experience to support your comfort, independence, and wellbeing.

Why Choose CareFlex

Designed with Expertise, Built with Purpose

At CareFlex, we understand the difference the right chair can make, not just for comfort, but for confidence, health, and everyday life.

That is why our chairs are designed with more than posture in mind. We focus on real people, real homes, and real needs.

More Than a Chair, It's a Partnership

Whether you are a family member, a carer, or the person using the chair, we will make sure you feel confident and cared for every step of the way.

Choosing a chair shouldn't be overwhelming. We are here to make the journey simple, supportive, and centred on you.

Why Families and Professionals Trust Us

UK-Made Quality
Every chair is built in the South West of England using durable materials and tested to meet the highest safety and comfort standards. We have been proudly manufacturing our chairs in the UK for 30 years.

Created for Everyday Life
Our chairs are designed to handle the demands of daily use, offering lasting comfort and dependable performance; backed by market-leading warranties and proven reliability.

Tailored Solutions
No two people are the same. That is why we offer customisable options to meet individual needs, from posture to positioning and everything in between.

WaterCell Technology
Our advanced pressure care system helps reduce the risk of pressure ulcers, redistributing weight to help protect skin and enhance comfort.

Designed with Real People in Mind
We work closely with therapists, families, and individuals to create chairs that meet real-world needs and daily challenges.

Trusted by Professionals
CareFlex chairs are used by the NHS, care homes, schools, and rehabilitation centres; and now you can access the same trusted support at home.

UK-Wide Assistance
We offer nationwide coverage with a dedicated UK-based Customer Support Centre, so help is always close by.

Friendly, Expert Support
Our knowledgeable team is here to help; from your first enquiry to aftercare, with honest advice, free assessments, and ongoing support.

★★★★★

CareFlex service is fantastic, they are friendly and helpful and always respond to my communications within 24 hours, but usually they respond in a matter of minutes. And they can usually provide assistance within 24 hours.

5* Feefo review.

The Daily Benefits For You

CareFlex chairs are designed to support your comfort, health, and participation, every day.

Here is what you can expect from CareFlex care chairs:

- Safer sitting and easier transfers, helping to build confidence and support greater independence.
- Improved posture that supports breathing, safe eating and drinking, and better overall health.
- Pressure care built in, helping to protect skin, reduce risk of injury, and support easier repositioning.
- Energy-saving support, helping reduce fatigue so you can focus on meaningful interaction and connection.
- Practical design for real life; easy to clean, simple to use, and strong enough for everyday routines.
- Adaptable features that respond to changing needs, with tool-free adjustments and modular options.

- Schools and colleges
- Day centres
- Residential and nursing homes
- Rehabilitation units
- Hospitals and other clinical settings
- Therapy environments
- Hospices and palliative care settings

Our Range of Care Chairs

Balancing comfort and support with clinical functionality for optimum health and wellbeing.

The AlphaCare II

Stable support for everyday rest, comfort, and safety.

The AlphaCare is a robust, supportive care chair created to help people who need extra safety and security while sitting. Whether someone experiences uncontrolled movement or has reduced balance, AlphaCare II is designed to give reassurance, for the person using it and those providing care.

The Air Comfort Deluxe

Pressure care and comfort when standard seating is no longer suitable.

The Air Comfort Deluxe chair and day bed combines advanced comfort features with thoughtful functionality, and is designed to deliver exceptional care. This chair supports individuals who may be at risk of skin breakdown or who struggle to tolerate standard seating, especially those confined to bed.

The EasiTilt

A supportive chair when sitting becomes more difficult.

The EasiTilt is a supportive care chair designed for individuals who are beginning to experience difficulty maintaining a stable sitting posture. It provides a supportive seating solution designed to help individuals maintain a more stable sitting posture while remaining engaged with their surrounding environment.

The HydroCare

Gentle support for comfort, relaxation, and pressure care in everyday life.

The HydroCare is a dependable care chair designed to support comfort, posture, and pressure care. It is especially suited for older adults, people living with dementia, or those needing enhanced support when seated.

The HydroFlex

Tailored support for rehabilitation, recovery, and long-term conditions.

The HydroFlex is a highly adaptable rehabilitation chair, expertly designed for adults and children who need advanced postural support. From neurological conditions to recovery following injury, the HydroFlex provides support without compromising on comfort.

The HydroTilt

Trusted comfort with proven pressure care and simple adjustability.

The HydroTilt is our much-loved, dependable chair, known for its simplicity, comfort, and reliability. Designed to balance posture, pressure care, and independence, it helps individuals with a wide range of health conditions sit safely and comfortably throughout the day.

The MultiAdjust

Flexible and cost-effective solutions that adapt to changing needs over time.

The MultiAdjust range offers highly adaptable seating systems that deliver postural support and pressure care without compromising on comfort or ease of use. It is designed to adjust effortlessly, ideal for changing needs in home, therapy, or care settings.

The SmartSeat Pro II

Advanced postural care to promote comfort and health.

The SmartSeatPro II is a thoughtfully designed, highly adaptable care chair that offers personalised comfort and support for people who need increased postural care to help them sitting comfortably and safely.

Our Range of Rise & Recline Chairs

Promoting independence and comfort, with a choice of styles and functions.

The Modbury

Portable support for posture, pressure care, and standing assistance.

A meticulously designed portable chair available to suit a range of needs. Posture and pressure care are supported while having the ability to gently rise the individual user to a standing position.

The Kingsbridge

Everyday chair offering lay-flat positioning and safe transfers.

Designed and developed using a Dual motor Trendelenburg mechanism to allow the user to recline the chair into a sleeping position. With a reclining back of 85 degrees, the user can achieve a lay flat position.

CareFlex

The Dartington

Traditional styling with practical comfort and independence in mind.

Introducing the Dartington, an elegant chair with matching hand-pleated scroll arms and wings, that has been designed to effortlessly combine independence, comfort and aesthetics.

The Saltram

A cost-effective solution for everyday care and budget-conscious settings.

A leading chair that meets today's economic and environmental challenges of local authorities and the healthcare industry.

The Ashburton

A robust chair designed for safety, comfort and higher weight capacities.

A perfectly crafted bariatric chair with exceptional functionality for both the individual user and their carers.

Made for Real Life:
Backed by Real Outcomes

Tailored For You

No two people are the same. That is why our chairs are adjustable and adaptable, and we always begin with a free assessment to make sure the seating is right for you.

1.
We will ask about your comfort and support requirements.

2.
We will understand how the chair fits into your daily life.

3.
We will consider any mobility, postural, or medical needs.

4.
We will recognise the needs of your caregivers.

What Others Say...

"The AlphaCare has made a huge difference. Duncan is calmer, safer, and no longer needs constant one-to-one observation. For the first time, a chair has truly met his needs."

Clinical Team

"Excellent. My sister can now get out of bed and be fully supported by the chair - she can also be moved in the chair so can access activities."

Sheila Mulvenney

"Fantastic service from start to finish. Had a visit and demonstration of the chair before buying. Excellent advice, support and lovely staff."

Joanne Sheehan

"I'm very pleased with the service. The seating assessor was knowledgeable, all my queries and questions to the company were answered quickly, delivery of the chair was within the time stated and the chair meets the needs of my relative."

Jo Smith

"Good chairs to suit every need, great service from a reputable company. Considerate caring assessment well caried out."

Jon Hounsome

"Great customer care and support. Very knowledgeable through assessment and never a sales person as the customer comes first. Excellent joint working with other Health Care Professionals . Great communication skills."

Next Steps...

We are with you every step of the way.

Choosing the right care chair can feel like a big decision, but we are here to make it simple, supportive, and stress-free.

1. Speak to Our Friendly Team

We will listen to your needs and help guide you to the right chair; no pressure, just honest advice.

2. Free, No Obligation, Home Visit

A trained specialist will visit to assess your needs, demonstrate the chair, and make sure it is the right fit.

3. Personalised Quote

You will receive a clear quote with optional extras, funding advice if needed, and time to decide.

4. Made for You

Your chair is built to your individual specifications in our UK factory.

5. Delivery and Setup

Our team delivers the chair, sets it up, and makes sure you feel confident and supported using it.

6.Ongoing Support

From small adjustments to long-term care, we are here whenever you need us.

★★★★★

CareFlex has a great team that are always very professional and knowledgeable.
